

Just remember, it's Your Lake!

Katie was born in Syracuse, New York and grew up in Columbus Ohio. Katie's family spent summers at the lake and she was a lake kid while growing up. In September 2016, she decided to relocate here full time with her own family.

Katie attended Ohio State University, graduating with a BA in management and business, with a focus on the hospitality industry. The knowledge obtained during her college education created a great foundation for assisting you with your real estate business. She has the ability to interact with others respectfully and develop a productive working relationship and can effectively communicate, understand, and empathize.

Several of Katie's family members worked with C. Michael Elliott & Associates in the sale and purchase of lake properties over many years. Katie then chose to work with them in the purchase of her home. Experiencing how this company performed and the knowledge and guidance they provided, both to clients as well sales agents she chose to associate with them from the start of her real estate career.

Katie has the backing and assistance of a broker with over 35 years of experience in the Lake of the Ozarks real estate market. C. Michael & Associates' staff and agents have a reputation for excellence that makes the company the premier personal service real estate firm at the Lake. They are well versed on the Lake market and your best choice for assistance in pricing and marketing decisions.

"I feel truly blessed to have been given this opportunity by C. Michael Elliott & Associates. They have all welcomed me with open arms and I could not be more excited to be a part of this exceptional family."

"I have always had the belief that home is where the heart is, where memories are made and families will grow. I know how important your home is whether buying or selling and I promise to give you the utmost care and customer service while guiding you through this exciting process."
