

I spent my childhood years in a small-town Seward, Nebraska. I then attended and graduated from the University of Nebraska. Graduate School found me in LA, then my career took me to the Pacific NW where I spent my life owning and operating a Seattle restaurant. After a return to Lincoln, Nebraska, I was introduced to the Lake of the Ozarks where I am today, *living the dream!*

Purchasing, repairing, updating, going thru the re-zoning process and re-selling property in Seattle afforded me the opportunity and experience to share with clients the empathy needed in the real estate arena.

Living full time at the Lake has placed me in a different seat at the negotiating table. I will maintain constant communication, responding when you need me. I will let you know the good news along with the bad and offer solutions throughout the selling & buying process, a Win for YOU!

I will treat you with the utmost care and respect. I pride myself in being down to earth, fun to be around, and if I don't have an answer to a question you may have, my broker with over 40 years of experience & knowledge will.

*I will advocate for you and negotiate the best deal for YOU.*

*Cheers, Roz*
